It's still some way off, however now's the time to plan in order to ensure your graduation goes off well!

Regalia Craft is the major supplier of gowns (and mortarboards) for graduating students and we have enormous demand toward year's end.

If your school wishes to have year 12's graduate in gowns, sashes and mortar boards, therefore, it would be advisable to make a booking as soon as possible in order to avoid disappointment.

Forms for both teachers and students follow and we would ask that you keep these handy, then fax them back to us at least a week before graduation.

Meanwhile it will be necessary to call us and make a booking (with approximate numbers).

All hired gowns (and mortarboards) will be supplied on the day of the graduation and must be returned before 10am the following morning.
